BALANCED LIVING

Voya inspires and encourages balanced living in Mississauga's dynamic Parkside Village. Perfectly nestled in the community's northwest corner, Voya simultaneously reflects the expansive green space it backs on to and the city it faces. Free flowing terrace balconies on the towers' parkside blur the lines between architecture and natural topography. A smoothly contrasting transition to a grid with vertical emphasis announces Voya's refined cityside façade.

With the vast park at its doors as inspiration, Voya smoothly integrates itself into this green backdrop. The Parkside Village Green Initiative transforms the property into a place where natural beauty rejuvenates.

Large shade trees and bright flowers enhance Voya's entranceways and the external spaces that welcome visitors. Lush green roofs cascade down the west side's sculpted terraces. The planting is arranged to meander down onto an amenity garden below, creating a wash of perennial colour and native grasses. Intimate woodland gardens tucked within Voya's collection of townhouses are punctuated with trees, blossoms, and plants. This garden sequence naturally connects Voya to the neighbouring Zonta Meadows Park.

Party Room and Show Kitchen

Co-Working Lounge

Serene, relaxing spaces are a Voya staple. In the comfortable seating of the grand lobby, enjoy a simple moment before heading into the bustling city. Warm tones and earthy expressions come together to make the open lounge an area where you can slow life's pace.

In the party room, raise a glass to a special milestone one evening and gather with friends for a casual TV viewing party the next. Versatile enough to host all your events, the party room is complemented by a show kitchen. For summer evenings, it opens onto an open-air terrace.

Simplify working remotely at the co-working lounge. With an enclosed meeting room, partitioned workstations for working quietly, and booths that are ideal for collaboration, you have everything you need to make co-working a success. The co-working lounge has access to an outdoor amenity for much-needed screen time breaks.

In the indoor kids' zone, kids can be kids. Plush floor cushions and bean bags in brightly lit areas are perfect for reading their favourite book. An indoor tree house encourages imaginative play during playdates with friends. The attached outdoor play zone has enough room for a spirited game of hide and seek.

Enjoy unobstructed park views from your west or south windows. Appreciate the evolving cityscape from your east-facing suite. Turn the large terrace of your podium suite into an outdoor oasis. No matter the direction, your personal space maximizes its surroundings while offering sleek yet warm style.

Voya's suites advance technology with touchless entry. Smooth ceilings, luxury vinyl flooring as well as sliding frameless mirror closet doors throughout create a polished aesthetic. Storage is central in the chef-inspired kitchen and bathrooms. Preparing, storing, and cleaning up after meals is a breeze with quartz countertops, built-in wall oven and cooktop, Kohler plumbing, and panelled refrigerator and dishwasher. In the primary bathroom, custom vanities with drawers and a matching medicine cabinet help with organization.

PARKSIDE VILLAGE

Mississauga's first urban community, Parkside Village is home to Voya's 42-storey and 36-storey towers. It is a place where modern amenities and close proximity to transit are as much part of the neighbourhood as the three parks that anchor it. Parkside's 30 acres are welcoming and peaceful yet vibrant and integrated into the lively city beyond its limits.
